Any reproduction, technical or other manipulation, translation, or other use of the Contents and Trademarks is prohibited without an explicit prior written consent of Akrapović. Products, product information and their representations are provided for informative purposes only. Discrepancies between the appearance in the Catalogue and the actual products or product information may exist. Akrapović reserves the right to use additional elements for displaying its products, serving better representation only. Such elements do not represent Akrapović products and are not subject to advertising, offer or sale nor does the present Catalogue represent an offer made by Akrapović. For actual information on specific products, their availability and specifications in each country, please contact Akrapović or local Akrapović authorized dealer. Not all products are necessarily available at every Akrapović dealer. Availability of Akrapović products is subject to Akrapović's discrepancy, mainly based on inventory availability and manufacturing lead time. Akrapović may at any time and at its own discretion change the design, equipment and delivery specifications, without any prior notice. All Akrapović products must be used in accordance with the respective user's guide, with consideration of all safety instructions and precautions only. Akrapović does not assume any responsibility for printing errors or misrepresentations in the present Catalogue and may change any of the information contained herein at any time.

EC Type Approval

Akrapović exhaust systems that meet EC type approval are designated in this catalog with the  icon.

ECE Type Approval

Akrapović exhaust systems that meet ECE type approval are designated in this catalog with the  icon.

CARB Compliant (Replacement parts)

Akrapović exhaust systems that are CARB compliant (replacement parts) are designated in this catalog with the  icon.

ABE type approval

Akrapović products that meet ABE type approval are designated in this catalog with the  icon.

ENTERING A NEW DIMENSION WITH AKRAPOVIČ

High-performance exhaust systems for BMW cars

ABOUT AKRAPOVIČ

STAND OUT WITH AKRAPOVIČ

Increased performance
Advanced technology
Quality workmanship
The Akrapovič Sound
Design
Durability

Akrapovič exhaust systems are renowned for increasing performance, their unmistakable sound, state-of-the-art designs, significant weight reductions, quality workmanship, and durability. This ethos has been in Akrapovič's DNA since the beginning, and the brand has grown to international prominence, standing proudly at

the top of the performance exhaust manufacturer's tree. Through the use of innovative technologies, including the development of titanium alloys, which has led to unmatched high-quality components produced and cast in in-house foundry, Akrapovič has pushed performance levels to outstanding heights and created a unique

soundtrack for its exhaust systems. In addition to this, it has broken barriers in the design world. The impressive honours and numerous awards it has won for its ground-breaking exhausts, including the Red Dot product design awards, are a true recognition of everything Akrapovič has accomplished.

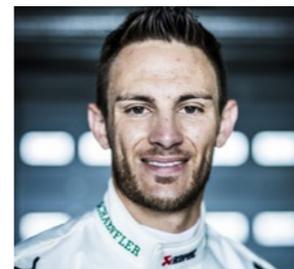

RACE PROVEN

OFFICIAL PARTNER: BMW M MOTORSPORT

Akrapovič and BMW M Motorsport are partners that have competed in the Deutsche Tourenwagen Masters (DTM) championship since 2012, the year BMW returned to the series. This has been a fruitful partnership with great success from the start, with Bruno Spengler winning the first DTM title for the team in its inaugural season. This was followed by two more in 2014 and 2016, won by Akrapovič brand ambassador Marco Wittmann, who became the youngest-ever two-time DTM champion when he powered his Akrapovič-equipped BMW M4 DTM to the 2016 title.

Akrapovič provides the latest technological knowhow in high-performance exhaust systems and lightweight technology to give BMW the best advantage on the track. In recent years Akrapovič has extended its official partnership with BMW M Motorsport to the iconic 24-hour race at Germany's famous Nürburgring circuit and the FIA GT World Cup in Macau, where BMW competes with BMW M6 GT3 cars, and to the IMSA WTSC championship, where BMW M8 GTE cars are racing for success, fully equipped with Akrapovič exhaust systems. Working together with BMW M Motorsport's renowned racing department, Akrapovič creates unique exhaust systems that are developed to perfectly extract the power of the BMW M4 DTM, BMW M8 GTE and BMW M6 GT3. There is no better proving ground for a high-performance exhaust system than the most demanding racetracks around the world.

"Akrapovič is a world-renowned and extremely professional company that gets everyone's heart racing. The products are unrivalled both for street use and in motorsports! The increased performance, weight savings, and of course the sound are just incredible. Since 2014 I've been the first Akrapovič brand ambassador, and I'm very proud to be able to promote and present a brand like this. I'm looking forward to staying with the company for many years to come – and to the many successes, victories, and winning championships ahead!"

Marco Wittmann,
2014 & 2016 DTM Drivers' Champion
BMW Works driver

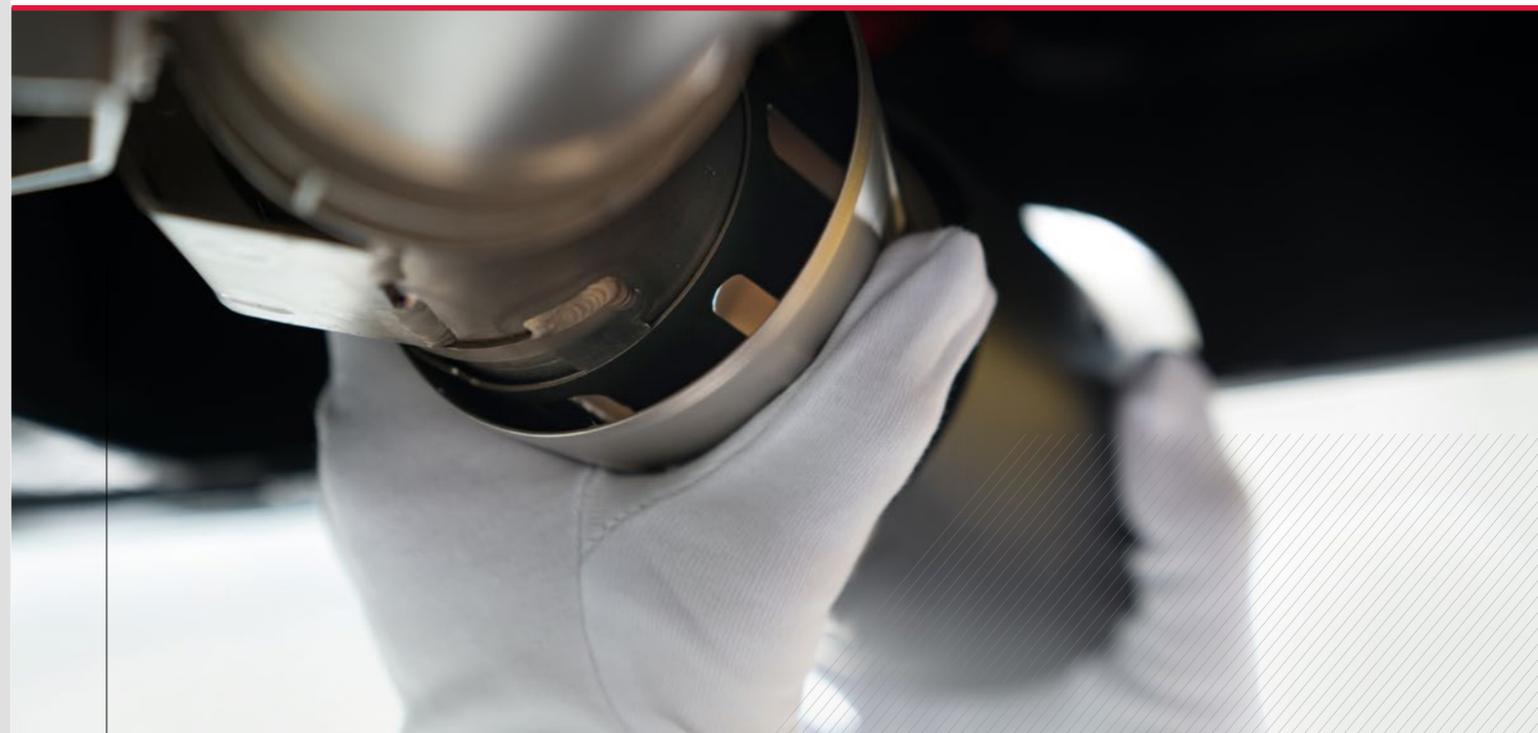

*Patent pending

ADJUSTABLE ACOUSTIC REFLECTOR

The latest creation from the experts at Akrapovič's R&D department is an adjustable acoustic reflector. This new product has been designed to complete the very sophisticated task of enhancing the sound inside the car's cabin and improving the thrill and enjoyment of the driving experience.

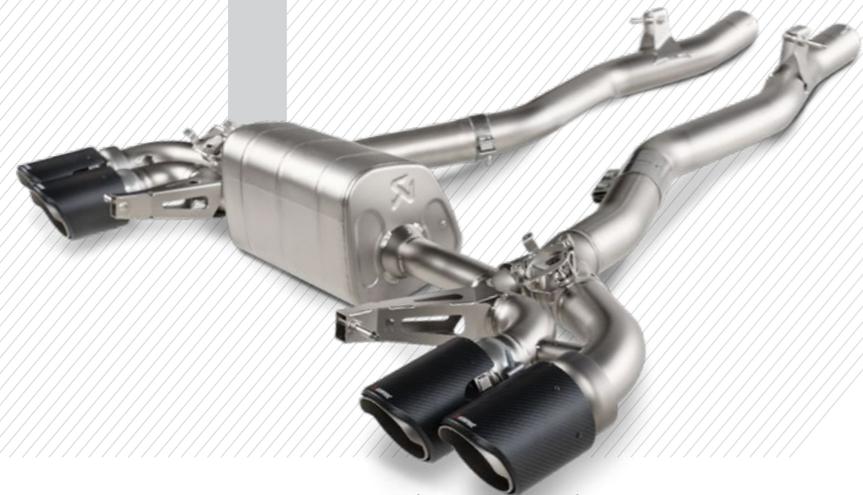

This simple-to-use device fits on the tube that leads from the muffler to the tailpipe, and it opens and closes the slots that are in the tube to produce a fully immersive sound in the car's cockpit. When the completely manually adjustable, patent-pending reflector opens the slots, more sound reflects into the car, providing a superb aural effect that can be enjoyed by all occupants.

The Akrapovič Adjustable Acoustic Reflector is a part of ECE type-approved Slip-On Line systems for the BMW M140i/M240i, 340i/440i – all of which are equipped with OPF/GPF filters. This fascinating gadget is a must-have accessory whenever sound is very important, and it makes the thrill of driving an absolute pleasure.

AKRAPOVIČ EXHAUST SYSTEMS FOR BMW CARS

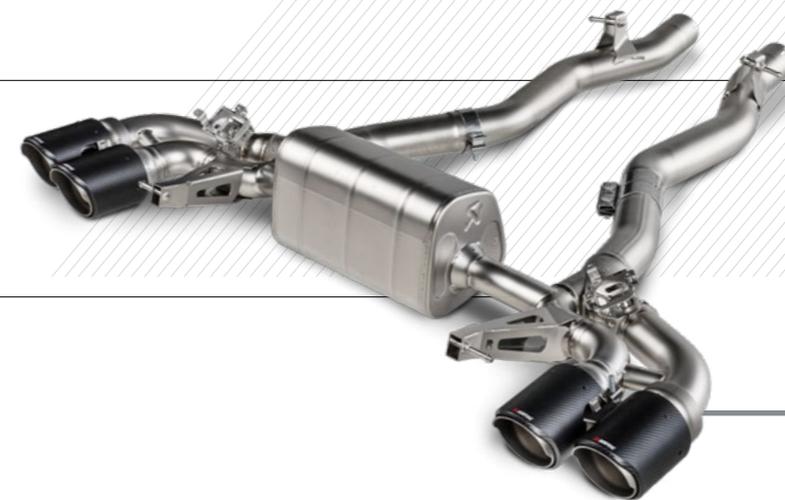

BMW M8 / M8 COMPETITION (F91, F92) WITH OPF/GPF*

Slip-On Line (Titanium) S-BM/T/11H EGE CARB RP

+ 13.3 HP / 5100 rpm, - 4.8 kg (- 27.8 %)

BMW M8 / M8 COMPETITION GRAN COUPÉ (F93) WITH OPF/GPF*

Slip-On Line (Titanium) S-BM/T/13H EGE CARB RP

+ 13.3 HP / 5100 rpm, - 4.8 kg (- 27.8 %)

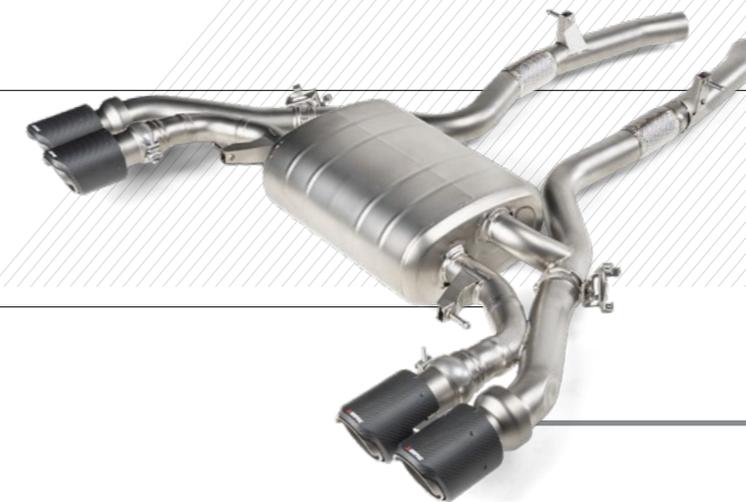

BMW X3 M / X3 M COMPETITION (F97) WITH OPF/GPF*

Slip-On Line (Titanium) S-BM/T/10H ECE CARB RP

+ 7.3 HP / 6550 rpm, - 9.5 kg (- 41.1 %)

Tail pipe set (Carbon) TP-CT/59

BMW X4 M / X4 M COMPETITION (F98) WITH OPF/GPF*

Slip-On Line (Titanium) S-BM/T/10H ECE CARB RP

+ 7.3 HP / 6550 rpm, - 9.5 kg (- 41.1 %)

Tail pipe set (Carbon) TP-CT/60

BMW M2 COMPETITION (F87N)

Slip-On Line (Titanium) S-BM/T/3H ECE CARB RP

+ 4.9 HP / 5100 rpm, - 10.2 kg (- 47.9 %)

The system fits on cars with or without DPf/GPF*

ECE type approval is valid only for cars with DPf/GPF.

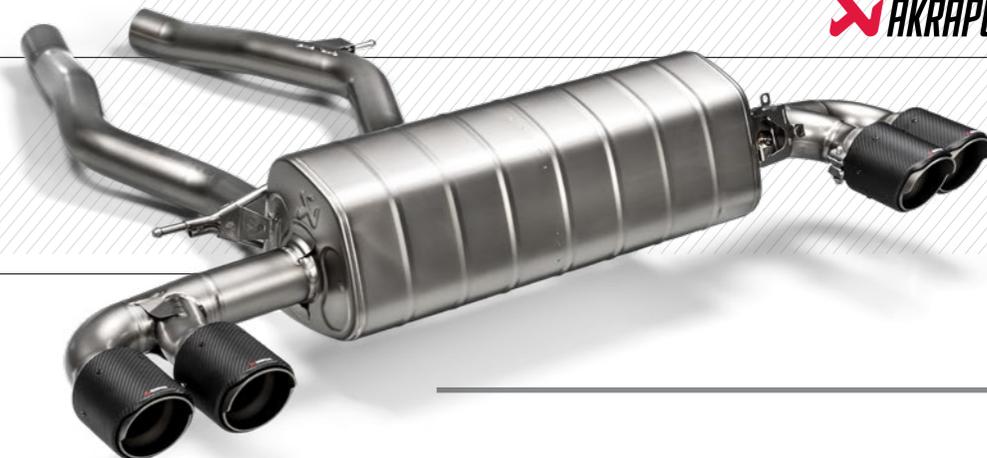

BMW Z4 M40i (G29)

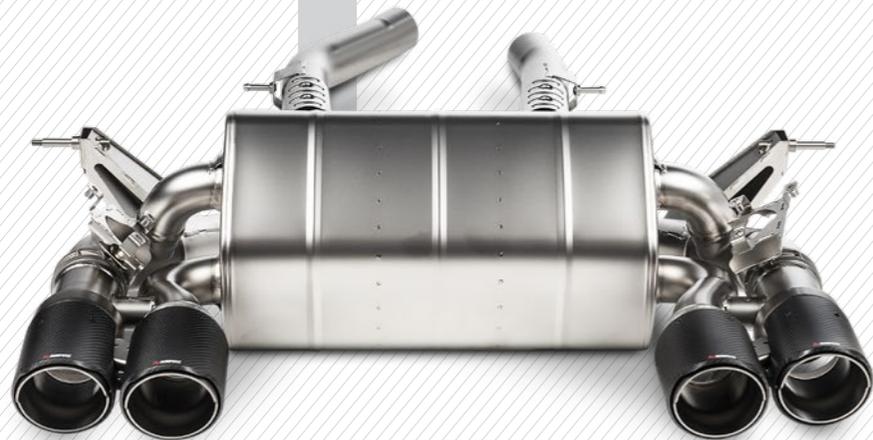

Slip-On Line (Titanium) S-BM/T/9H ECE CARB RP

+ 3.0 HP / 2400 rpm, - 6.1 kg (- 36.3 %)

The system fits on cars with or without DPf/GPF*

ECE type approval is valid only for cars with DPf/GPF.

BMW M4 (F82, F83) WITH OPF/GPF*

Slip-On Line (Titanium) S-BM/T/4H EGE CARB BP

+ 3.4 HP / 5450 rpm, - 9.0 kg (- 43.7 %)

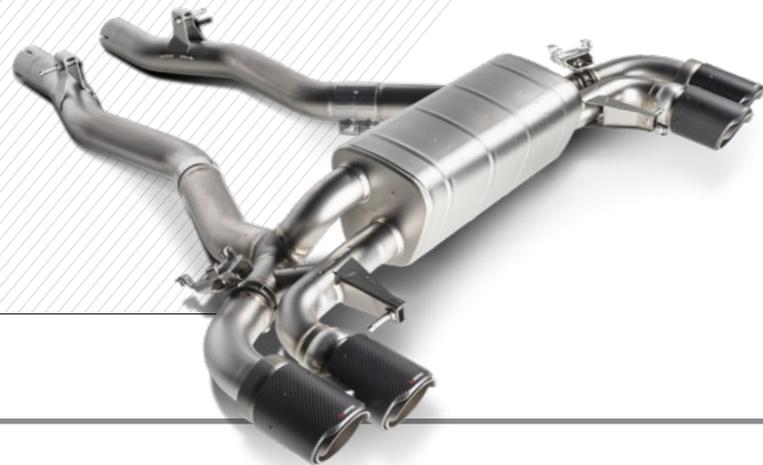

BMW M4 (F82, F83) / M3 (F80) WITHOUT OPF/GPF*

Slip-On Line (Titanium) M-BM/T/8H EGE CARB BP

+ 7.3 HP / 4400 rpm, - 3.0 kg (- 15.0 %)

Tail pipe set (Carbon) TP-CT/26

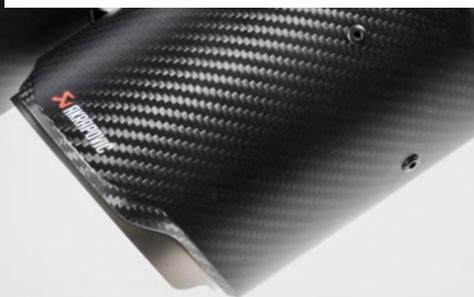

BMW M5 / M5 COMPETITION (F90) WITH OPF/GPF*

Slip-On Line (Titanium) S-BM/T/7H ECE CARB RP

+ 7.2 HP / 2500 rpm, - 4.3 kg (- 26.1 %)

Tail pipe set (Carbon) TP-CT/47/RS

BMW M5 (F90) WITHOUT OPF/GPF*

Evolution Line (Titanium) S-BM/T/2H ECE CARB RP

+ 11.3 HP / 5700 rpm, - 9.4 kg (- 32.6 %)

Tail pipe set (Carbon) TP-CT/47/RS

M140i (F20, F21) / M240i (F22, F23) WITH OPF/GPF*

M140i: Slip-On Line (Titanium) S-BM/T/5H

M240i: Slip-On Line (Titanium) S-BM/T/8H

+ 8.8 HP / 4900 rpm, - 4.4 kg (- 43.2 %)

M140i (F20, F21) / M240i (F22, F23) WITHOUT OPF/GPF*

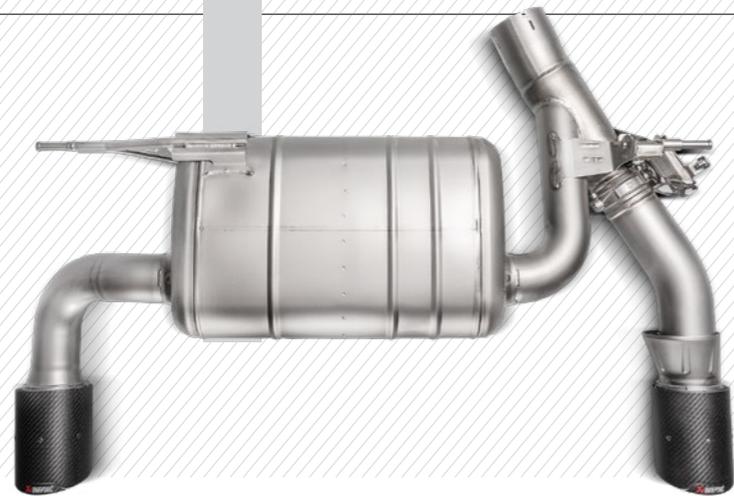

M140i: Evolution Line (SS) MTP-BM/SS/3H

M240i: Evolution Line (SS) MTP-BM/SS/4H

+ 6.5 HP / 5500 rpm, - 0.7 kg (- 3.3 %)

Evolution Link pipe set (SS) E-BM/SS/3

340I (F30, F31) / 440I (F32, F33, F36) WITH OPF/GPF*

Slip-On Line (Titanium) S-BM/T/6H  

+ 9.0 HP / 6150 rpm, - 4.4 kg (- 43.2 %)

340I (F30, F31) / 440I (F32, F33) WITHOUT OPF/GPF*

Evolution Line (SS) MTP-BM/SS/2H  

+ 4.0 HP / 6400 rpm, - 0.8 kg (- 3.8 %)

Evolution Link pipe set (SS) E-BM/SS/2

OPTIONAL CARBON-FIBRE PARTS FOR BMW CARS

BMW M8 / M8 COMPETITION (F91, F92, F93)

Rear Carbon Fiber Diffuser - High Gloss DI-BM/CA/7/G

Rear Carbon Fiber Diffuser - Matte DI-BM/CA/7/M

Carbon Fiber Mirror Cap Set - Matte WM-BM/CA/3/M

Carbon Fiber Mirror Cap Set - High Gloss WM-BM/CA/3/G

BMW X4 M / X4 M Competition (F98)

Rear Carbon Fiber Diffuser - High Gloss DI-BM/CA/6

BMW M2 Competition (F87N)

Rear Carbon Fiber Diffuser - Matte DI-BM/CA/3/M

Rear Carbon Fiber Diffuser - High Gloss DI-BM/CA/3/G

Carbon Fiber Mirror Cap Set - Matte WM-BM/CA/2/M

Carbon Fiber Mirror Cap Set - High Gloss WM-BM/CA/2/G

BMW M5 / M5 Competition (F90)

Rear Carbon Fiber Diffuser - Matte DI-BM/CA/5/M/RS

Rear Carbon Fiber Diffuser - High Gloss DI-BM/CA/5/G/RS

Carbon Fiber Mirror Cap Set - Matte WM-BM/CA/3/M

Carbon Fiber Mirror Cap Set - High Gloss WM-BM/CA/3/G

BMW M4 (F82, F83) / M3 (F80)

Rear Carbon Fiber Diffuser - Matte DI-BM/CA/1

Rear Carbon Fiber Diffuser - High Gloss DI-BM/CA/4/G

Carbon Fiber Mirror Cap Set - Matte WM-BM/CA/2/M

Carbon Fiber Mirror Cap Set - High Gloss WM-BM/CA/2/G
